## SUMMARY

---

Passionate software developer with practical experience in building web applications and a solid foundation in Computer Science. Skilled in modern web technologies, and driven by a commitment to learning, innovation, and teamwork.

## EDUCATION

---

### Sagar Institute of Research and Technology

Bachelor of Technology in Computer Science and Information Technology; CGPA: 7.01

Bhopal, India

2021 – 2025

### +2 High School

Intermediate of Science

Koderma, Jharkhand

2020

## TECHNICAL SKILLS

---

**Programming Languages:** C++, Python, SQL, OOPS

**Web Development:** HTML-5, CSS-3, JavaScript, Bootstrap, Tailwind CSS, ReactJS, Node.js, Express.js, MongoDB

**Developer Tools:** Git, GitHub, Visual Studio, IntelliJ IDEA, Eclipse

## PROJECTS

---

### JobPortal

Live Demo

ReactJS | Redux Toolkit | Tailwind CSS | shadcn/ui | Node.js | Express.js | MongoDB | Cloudinary

2025

- Developed a full-stack job portal with separate login systems for users and admins, ensuring role-based access control.
- Implemented job posting and management features, allowing employers to post, edit, and delete job listings.
- Integrated search and filtering functionality for users to find jobs based on title, location, and category.
- Designed an admin dashboard for job approvals, analytics, and platform management

### TechLearn App

Live Demo

ReactJS | Redux Toolkit | Tailwind CSS | Node.js | Express.js | MongoDB | JWT Authentication | Cloudinary

2024

- Developed a full-stack e-learning platform featuring separate login systems for student and admin to ensure role-based access control.
- Utilized React.js for the frontend, Node.js and Express.js for the backend, and MongoDB for efficient data storage and retrieval and Integrated Cloudinary and Multer for seamless image and video uploads.
- Designed an admin dashboard for adding, publishing, updating, and deleting courses, managing lectures, pricing, and course details.
- Focused on responsive design, delivering a user-friendly interface across all devices.

### E-Commerce Website

Live Demo

HTML | CSS | JavaScript

2024

- Developed a responsive and user-friendly e-commerce website with a clean, modern interface.
- Focused on building the frontend using HTML, CSS, and JavaScript to deliver a seamless shopping experience.
- Implemented features like product listings, product details, and cart management.
- Focused on responsive design, delivering a user-friendly interface across all devices.

## CERTIFICATIONS

---

**Python Programming:** Completed a comprehensive course focusing on core concepts and practical problem-solving.

**C++ Programming:** Gained in-depth knowledge of object-oriented programming.

**SQL:** Acquired skills in database management, query optimization, and data analysis.

**MERN Stack Development:** Proficient in full-stack web development, ReactJS, Node.js, Express, and MongoDB.

## ACHIEVEMENTS

---

- Solved over **250+** questions on CodeChef and HackerRank. [CodeChef]
- Earned **3-star** rating on HackerRank in Python programming. [HackerRank]
- Participated in the **Re-imagine Hackathon**, collaborating with a team to develop innovative solutions.
