SUMMARY

Passionate software developer with practical experience in building web applications and a solid foundation in Computer Science. Skilled in modern web technologies, and driven by a commitment to learning, innovation, and teamwork.

EDUCATION

Sagar Institute of Research and Technology Bhopal, India
Bachelor of Technology in Computer Science and Information Technology; CGPA: 7.01 *2021 – 2025*

+2 High School Koderma, Jharkhand
Intermediate of Science *2020*

TECHNICAL SKILLS

Programming Languages: C++, Python, SQL, OOPS

Web Development: HTML5, CSS3, JavaScript, ReactJS, MERN Stack, Bootstrap, Tailwind CSS

Developer Tools: Git, GitHub, Visual Studio, IntelliJ IDEA, Eclipse

PROJECTS

E-Commerce Website Live Demo
HTML | CSS | JavaScript *2024*
- Developed a responsive and user-friendly e-commerce website with a clean, modern interface.
- Focused on building the frontend using HTML, CSS, and JavaScript to deliver a seamless shopping experience.
- Implemented features like product listings, product details, and cart management.
- Ensured cross-browser compatibility and optimized the website for mobile devices.

Weather Application ⓞ GitHub
ReactJS | CSS | API Integration *2023*
- Created a real-time weather app offering global weather insights using ReactJS and APIs.
- Displayed comprehensive weather metrics such as temperature, humidity, and "feels like" index.
- Integrated OpenWeatherMap API for accurate and real-time data retrieval.
- Ensured reliability with robust error handling mechanisms for API requests.

CERTIFICATIONS

Python Programming: Completed a comprehensive course focusing on core concepts and practical problem-solving.

C++ Programming: Gained in-depth knowledge of object-oriented programming and data structures.

SQL: Acquired skills in database management, query optimization, and data analysis.

MERN Stack Development: Proficient in full-stack web development, including ReactJS, Node.js, Express, and MongoDB.

ACHIEVEMENTS

- Solved over **250+** questions on CodeChef and HackerRank. [CodeChef]
- Earned **3-star** rating on HackerRank in Python programming. [HackerRank]
- Participated in the **Re-imagine Hackathon**, collaborating with a team to develop innovative solutions.
